#### Director Updates

Jill Smock

1. House Bill 509 language changed allowing the Board to write the new rule requirements for the LICDC.
2. Reminder that CDCAs 40-hour education and a year later with 30 hours; they are not supposed to repeat the same exact courses from same provider from their PRE application for their renewable application.
3. Expiration dates on licenses remain the same date( Month and day) if you renew within the 90 days prior to the expiration date.
4. Jill is now sitting on the Behavioral Health Workforce Advisory Council with OHMHAS, so the board is represented.
5. Addiction Studies Institute is calling for presenters.

#### Committee Expectations

Chair, Lisy

1. John reviewed the updated Charter and reminded everyone that the expectation is a minimum of 50% meeting attendance within the two year appointment.
2. Members not present at last meeting signed the charter.

## Update on Pending Legislation

Jill Smock

1. Jill discussed SB131 Reciprocity Bill and some of the challenges it presents for our license holders and requirements to hold a license from Ohio vs. coming in from another state since each state has a wide variety of requirements to be able to perform SUD counseling under a license or certificate. The board has used IC&RC for reciprocity. The board's AAG is reviewing the language of the bill and will be guiding the boards policies and rules. It looks like SB131 will go into effect in December.
2. HB509 will go into effect sometime in April and will allow renewal of certificate/ licensure with only 30 hours **unless** you hold the IC&RC reciprocal endorsement which still requires 40 CEUS to renew.

## Potential Workgroups

Chair, Lisy

1. Committee discussed holding two workgroups to gather information and bring no later than the next TX committee to review ORC and any restrictive language that should be removed and directed to OAC , and continuing work on a discussion and information regarding co-occurring disorders.  
Workgroup to work on changing language in the ORC- J. Lisy (LEAD), T. Stuber, S. Beach  
Workgroup for co-occurring -D. King (LEAD), B. Jones, A. Tartt, S. Jones, P. Bolino, D. Smith
2. Committee discussed language in OAC/ORC around "chemical dependency conditions", scope and authority. Discussed need for billing changes, billing under mental health service, and recognition in Medicaid. Workgroup will continue discussion from last TX committee meeting around this issue including which co-occurring would be appropriate and education requirements for possible endorsement on licenses. Asked J. Smock to get data on how many LICDC also hold LPCC and LISW licenses.

## Public Comment- None
